### Saudi Damico

**Danet Al-Midmar Trading & Contracting Co Ltd (Saudi Damico)** is a member of Al-Swailem Group of companies (MASCO). Saudi Damico engaged mainly in steel related business and other services as Electromechanical, Fire Equipment, and Industrial equipment. Headquarter based in Dammam, specialized in steel trading for the last two decades. Over the years, Saudi Damico has been actively involved in supplying Black steel pipes, piping components and Fire fighting equipments for the major projects in the region and made its mark in Saudi Market as a leading Importer, stockiest and wholesaler of Black steel seamless & ERW Pipes in many grades & schedules. Quality of products and services has always been the prime objective of our operations. This is one of the reasons that we are able to keep our existing customers and consistently widen our sphere of attaining new customers despite ever increasing competition in this field over the past two decades.

#### Experienced professionals:-

- Saudi Damico fields substantial resources in terms of skilled manpower, distribution networks and a highly experienced operational team.
- Saudi Damico relies on its well trained and dedicated workforce to ensure a streamline and professional approach. Employee training and safety are top priorities, and the company regularly reviews its standards and readily invests in training and system upon requirement.
- The company's sophisticated IT system assist the operational teams in keeping track of the phenomenal quantities that Saudi Damico handles on an annual basis. The systems are vital for ensuring timely deliveries and also to analyze and predict demand and supply ratios for peak and off-peak seasons. Our ERP programme is supplied by Columbus IT – Microsoft Dynamic Navision (well known ERP package throughout the world).

#### Vision:

- Our **People**, by fostering team work, nurturing talent, enhancing leadership capability and acting with pace and pride and passion.

- Our **Offer**, by becoming the supplier of choice, delivering premium products and services, and creating value with our customers.
- Our **Innovative** approach, by developing leading edge solutions in technology and products.
- Our **Conduct**, by providing a safe working place respecting the environment, caring for our communities and demonstrating high ethical standards.

#### Facility & Infrastructure of Saudi Damico:-
